## Coastal Naturalist

- Embrace authentic Big Sur. Enjoy a one-night stay at the Big Sur Lodge in the dramatic Big Sur wilderness nestled in Pfeiffer Big Sur State Park. Hike next to Big Sur River, located just steps away from your room. With an environment free from the big-city sounds of phones, televisions and radios, the Big Sur Lodge is the place to come to relax and unwind. Advanced reservations required and subject to certain guidelines and availability. Gift certificate must be present upon check-in. Valid Sunday-Thursday. October-May and excludes holiday periods. *Expires 05/31/2020.*
- Tour Ford Ord Dunes State Park with park planning, natural resource and interpretive staff. Visit the future site of the new Ford Ord campground to be built in 2021/2022. Walk inside a former military bunker where the US Army use to store large munitions and learn what state parks plans are for repurposing the bunker as part of the campground project. See story boards showing what the park will look like once the campground is built. Take a short walk to view the "balloon spur" where park support facilities will be located. Learn what natural resources staff are doing with regard to managing habitat and endangered species at the park unit. Take a walk to the high bluffs that overlook the entire Monterey Bay for spectacular views of Monterey to Santa Cruz (bring your cameras and binoculars). A short written military history of Ford Ord will be given to the tour participants prior to the tour. While driving to the sites, a stop will include the former firing range 8 where the US Army Infantry men use to train their rifle shooting skills; remnants of the range exist to this day. Also learn about future plans for light rail line and multi-modal transportation center adjacent to Fort Ord Dunes State Park. Tour to be scheduled at a mutually agreed upon time. *Expires 06/30/2020.*
- Take a 2 hour tour with Ecologist, Anna Bonnette at the iconic Point Lobos State Reserve. In this customized experience, you will have the opportunity to visit restoration sites, learn about the Cypress Grove or Pine Forest areas, discover the plants of Point Lobos: what's native, what's not, visit the coastal prairies to discuss its rare and lightly diverse ecosystem, and learn more about the upcoming large scale projects and future goals. To be scheduled at a mutually agreed upon time. *Expires 06/30/2020.*
